Tip of the week

Got something for you. Here is the formula for weed killer if you want to avoid the ones on the market. Believe me! This combination really kills!

- One gallon of vinegar
- Two cups of epsom salt
- One fourth of a cup of Dawn Dish Soap (use the blue original type)

Mix them gently so as not to make suds.

Spray on when the plants or weeds are dry.

See deadly results in two or four days.

Special thanks to resident Chester Wilbert!

If you are interested in participating please contact: Beverly Chester-Burton, Mayor of Shively at 449-5000 or send email to shivelyevents@gmail.com

LOUISVILLE MEMORIAL GARDENS WEST & FUNERAL HOME – MAY 27, 2019

While many may have gone to the pool or grilled out for this year's Memorial Day, the holiday is about honoring the men and women who died serving our country to protect our freedom. Mayor Beverly Chester-Burton and Councilwoman Keisha Dorsey were present at the annual ceremony, please plan on joining with them in 2020 to remember those who have fallen.

The Census – Why it's important

By State Rep. Joni Jenkins

The Census is one of our country's longest-running programs, having begun just a year after George Washington became president. Much more than a simple population count, it has also documented who we are, where we live and how much we have changed as a nation from one decade to the next.

The Census is important for a variety of reasons. It is used to determine representation in everything from Congress to state and local legislative seats, and Census data also drive nearly \$675 billion in federal spending each and every year. We stand to lose more than \$2,000 annually for each person not counted.

Governments and businesses alike use Census statistics to determine where to build new roads, utilities and schools; how to better allocate emergency services and safety-net programs; and where to locate new economic development.

The Census is working to make it easier for citizens who fill out its forms. They will be able to return that information online – the first time that's possible – or by phone or mail, all of which will reduce the number of households visited by the agency.

Census officials emphasize that personal information is kept confidential. In fact, no one – not even the courts or law enforcement – can have access to that individualized data for 72 years.

The Census is also planning to temporarily boost its workforce for next year, so for those interested in joining, you can apply online at 2020census.gov/jobs or call 1-855-JOB-2020.

For the General Assembly's purpose, the 2020 Census data will be used in 2021 to determine the 138 state House and Senate districts for the next decade. We will also draw district lines for our six congressional seats.

Completing the census is mandatory and part of our civic duty. Please complete your form as soon as you receive it so Kentucky can get its fair share of federal dollars and leaders can make informed decisions on fair representation throughout our commonwealth.

Councilwoman Keisha Dorsey is excited to introduce "Arts in 3D" a community event at Algonquin Park, September 14th.

District 3 Metro [Councilwoman Keisha Dorsey](#), in partnership with [The Fund for the Arts](#) has developed an arts integration project for District 3, which includes the six communities of Algonquin, California, Hallmark, Park Duvalle, Parkland, Park Hill, and the City of Shively.

"I was not elected to maintain the status quo," Dorsey says. "I was elected to make visible and impactful changes. This partnership not only does that, it will add to the vibrancy of this diverse and engaged community."

Arts in 3D is a year-long collaboration with The Fund for the Arts to bring more arts and culture experiences to District 3. It was made possible by funding from Councilwoman Dorsey's Neighborhood Development Funds.

"We believe in the power of the arts to grow stronger, more vibrant, competitive, compassionate and creative communities," said Christen Boone, President/CEO of The Fund for the Arts. Councilwoman Dorsey's recognition of this will have a long lasting and positive impact."

Arts in 3D has 5 components.

School's Out, Art's In will provide weekly arts opportunities for students who live in the district- all year. This will include opportunities to see Dance Companies, resident artists, etc.

In School Arts will ensure every school in the district receives art experiences like artist visits to schools and field trips.

EngAGE Art- will engage people 55 and up through regular opportunities to attend art events, shows, and experiences.

Public Art Experiences will highlight musical performances and mural painting.

Ticket Bank- will provide opportunities for district residents to receive free tickets to see selected performing arts shows.

You are invited to the first public art event on September 14th at Algonquin Park at 2 pm. It's a family event complete with performing artists. You can find more information about that event and Arts in 3D at website: <https://fundforthearts.org/artsin3d/> or by clicking [here](#).

As Fire Prevention Week™ approaches, Shively Fire Department reminds residents:

Everyday steps can create heroic results.
Practice your home escape plan today!
Fire Prevention Week is October 6–12, 2019

Not Every Hero Wears a Cape. Plan and Practice Your Escape!™
The Shively Fire Department is teaming up with the National Fire Protection Association® (NFPA®)—the official sponsor of Fire Prevention Week for more than 90 years—to promote this year's Fire Prevention Week campaign, "Not Every Hero Wears a Cape. Plan and Practice Your Escape!" The campaign works to educate everyone about the small but important actions they can take to keep themselves and those around them safe.

I hope that all residents enjoyed a safe and enjoyable summer in Shively. As we have mentioned, Shively is a fantastic place to live and our Code Board is dedicated to overseeing property maintenance in our community in a fair and equitable manner for the benefit of the homeowner and our city.

Colder weather will be setting in and strong winds will blow leaves into low lying areas. Leaves commonly block storm drains, gutters, and the pipes under driveways causing water problems all over the city.

All yards in Shively must remove all accumulations of leaves, branches, trash or debris of any kind from ditch lines or be subject to a code violation. I do not want that!

If you have any questions feel free to call me here at city hall, (502) 449-5000, Monday—Friday, 8 am—4:30 pm. If you have questions on yard waste pickup call public works, (502) 449-5010, Monday—Friday, 6:30 am—3:00 pm.

Most importantly if you receive mail from the Code Department call as soon as possible to avoid potential fines, with quick communication fines can be avoided.
